BAT HOUSE ROOF PATTERN

1. Create this pattern using 8.5 x 11-inch white cardstock.
2. Cut along the dotted cut lines on the pattern.
3. Place this pattern on 8.5 x 11-inch black cardstock.
Trace the cut lines on to the black cardstock and cut along the lines.
4. Fold all the lines on the black cardstock as indicated on the pattern. The black cardstock should look like the Bat House roof as shown in the photo on JeanneBenedict.com.
5. Attach the roof to the Bat House using double-stick tape and decorate as per the instructions on the main Bat House pattern.
