

## BAT HOUSE PATTERN

1. Create this pattern using 8.5 x 11-inch white cardstock.
2. Cut along the dotted cut lines on the pattern from the top of the page to fold line 1.
3. Place this pattern on 8.5 x 11-inch black cardstock. Trace the cut lines on to the black cardstock and cut along the lines.
4. Fold all the lines on the black cardstock as indicated on the pattern.
5. Use double-stick tape to attach the black cardstock to one side of an empty milk carton (half gallon size).
6. Repeat steps 3, 4, and 5 to cover the other side of the milk carton.
7. Create the Bat House roof from the pattern on [JeanneBenedict.com](http://JeanneBenedict.com), and decorate the house with Halloween scrapbook paper, ribbon, stickers, and embellishments.
8. Optional: An adult can also use a craft knife to cut a door in the front of the house and place a battery-operated light inside as shown in the photos on [JeanneBenedict.com](http://JeanneBenedict.com).
